

# Plan, arbitrate and manage your training plans with precision!

**CiaPlan** is ideal for companies using SuccessFactors wishing to professionalize and equip the upstream phase of training management, with a **global vision, strategic and collaborative vision of the training plan**.

It's a solution designed to make the latter a **strategic HR lever**, aligned with business challenges, and not just a compliance or management exercise.

## Features

Management of  
training plans

Collection and arbitration  
of requirements

Budget tracking  
and operations

Indicators  
& Reporting

Multi-plan  
consolidation

Intelligent  
reference systems

## The benefits

- Time-saving plan construction and arbitration
- Consolidated multi-plan, multi-entity vision
- Budget optimization and better cost control
- Strategic alignment of training initiatives
- Seamless integration into your SuccessFactors ecosystem
- Ease of use for training and HR managers
